under the Freedom of Information Act 2000**

Agreed by the Governing Body on 5th December 2018

Signed

(Chair of Governors)

To be reviewed annually

Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish
- The manner in which the information will be published and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off **or** available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

The kind of school for which we strive is one:

- Where every individual is valued and respected for the work they do and the contributions they make
- Where we work positively as a team
- Where we support, appreciate and encourage each other, and where problems can be shared
- Where we have high but realistic and achievable expectations of ourselves and of others
- Where every individual feels safe, secure and happy within an environment which is stimulating and enjoyable, and which promotes the development of the whole person – academically, creatively, socially and spiritually

- Where resources and facilities are adequate for the tasks we are expected to perform, and are fairly distributed
- Where everyone is encouraged and enabled to develop their full potential
- Where we all enjoy working

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus - information published in the school prospectus.

Governors' Documents - information published in the Governors Annual Report and in other governing body documents.

Pupils & Curriculum - information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.

4. How to request information

If you require a paper version of any of the documents within the scheme, please contact the school by telephone, email, fax or letter. Contact details are set out below, or you can visit our website at www.gilbertcolvin.co.uk

5. Paying for information

Information published on our website is free, although you may incur costs from your Internet service provider. If you don't have Internet access, you can access our website using a local library or an Internet café.

Single copies of information covered by this publication are provided free unless stated otherwise in section 6. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling your request. Where there is a charge this will be indicated by a £ sign in the description box.
