

Jigsaw PSHE 3-11 progression map

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the DfE statutory Relationships and Health Education outcomes have been made in each Puzzle.

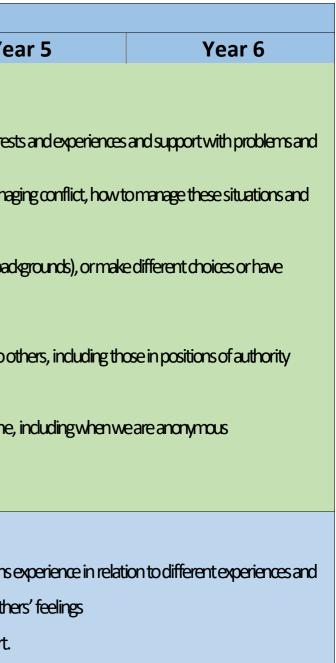

INTENT: Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation.

IMPLEMENTATION: Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.

IMPACT: This can be established through assessment identified in the key learning.

В	overview eing Me in My World	In this Puzzle (unit), the children learn about how they have similarities and differences from their friends and how that is OK. They begin working on recognising and managing their feelings, identifying different ones and the causes these can have. The children learn about working with others and why it is good to be kind and use gentle hands. They discuss children's rights, especially linked to the right to learn and the right to play. The children learn what it means to be responsible.	In this Puzzle (unit), the children are introduced to their Jigsaw Journals and discuss their Jigsaw Charter. Aspart of this, they discuss rights and responsibilities, and choices and consequences. The children learn about being special and how to make everyone feel safe in their class as well as recognising their own safety.	In this Puzzle (unit), the children discuss their hopes and fears for the year ahead- they talk about feeling worried and recognising when they should ask for help and who to ask. They learn about rights and responsibilities; how to work collaboratively, how to listen to each other and how to make their classroom a safe and fair place. The children learn about choices and the consequences of making different choices, set up their Jigsaw Journals and make the Jigsaw Charter.	In this Puzzle (unit), the children learn to recognise their self-worth and identify positive things about themselves and their achievements. They discuss new challenges and how to face them with appropriate positivity. The children learn about the need for rules and how these relate to rights and responsibilities. They explore choices and consequences, working collaboratively and seeing things from other people's points of view. The children learn about different feelings and the ability to recognise these feelings in themselves and others. They set up their Jigsaw Journals and establish the Jigsaw Charter.	In this Puzzle (unit), the children explore being part of a team. They talk about attitudes and actions and their effects on the whole class. The children learn about their school and its community, who all the different people are and what their roles are. They discuss democracy and link this to their own School Council, what its purpose is and how it works. The children learn about group work, the different roles people can have, how to make positive contributions, how to make collective decisions and how to deal with conflict. They also learn about considering other people's feelings. They refresh their Jigsaw Charter and set up their Jigsaw Journals.	In this Puzzle (ur think and plan fo goals they could themselves as w challenges they r explore their rig responsibilities a their class, schoo comunity and live in. Year 6

(unit), the children In this Puzzle (unit), the children for the year ahead, discuss their year ahead, they learnt to set goals and discuss their fears and worries about the future. The children learn about the United Nations Convention on the Rights of the Child and that these are not met for all children worldwide. They discuss their choices and actions and how these can have farreaching effects, locally and globally. The children learn about their own behaviour and how their choices can result in rewards and consequences and how they feel about this. They explore an individual's behaviour and the impact it can have on a group. They learn talk about democracy, how it benefits the school and how they can contribute towards it. They establish the Jigsaw Charter and set up their Jigsaw Journals.

Taught knowledge	 Know they have a right to learn and play, safely and happily 	 Understand their own rights and responsibilities with their classroom 	 Understand the rights and responsibilities of class members 	 Know that the school has a shared set of values 	• Know their place in the school community	Underst democr voice be commu

Puzzle	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
overview Celebrating Difference	In this Puzzle (unit), children are encouraged to think about things that they are good at whilst understanding that everyone is good at different things. They discuss being different and how that makes everyone special but also recognise that we are the same in some ways. The children share their experiences of their homes and are asked to explain why it is special to them. They learn about friendship and how to be a kind friend and how to stand up for themselves if someone says or does something unkind to them.	In this Puzzle (unit), the children explore the similarities and differences between people and how these make us unique and special. The children learn what bullying is and what it isn't. They talk about how it might feel to be bullied and when and who to ask for help. The children discuss friendship, how to make friends and that it is OK to have differences/be different from their friends. The children also discuss being nice to and looking after other children who might be being bullied.	In this Puzzle (unit), the children learn about recognise gender stereotypes, that boys and girls can have differences and similarities and that is OK. They explore how children can be bullied because they are different, that this shouldn't happen and how they can support a classmate who is being bullied. The children share feelings associated with bullying and how and where to get help. They explore similarities and differences and that it is OK for friends to have differences without it affecting their friendship.	In this Puzzle (unit), the children learn about families, that they are all different and that sometimes they fall out with each other. The children practise methods to calm themselves down and discuss the 'Solve it together' technique. The children revisit the topic of bullying and discuss being a witness (bystander); they discover how a witness has choices and how these choices can affect the bullying that is taking place. The children also talk about using problem- solving techniques in bullying situations. They discuss name- calling and practise choosing not to use hurtful words. They also learn about giving and receiving compliments and the feelings associated with this.	In this Puzzle (unit), the children consider the concept of judging people by their appearance, of first impressions and of what influences their thinking on what is normal. They explore more about bullying, including online bullying and what to do if they suspect or know that it is taking place. They discuss the pressures of being a witness and why some people choose to join in or choose to not tell anyone about what they have seen. The children share their own uniqueness and what is special about themselves. They talk about first impressions and when their own first impressions of someone have changed.	In this Puzzle (unit), the children explore culture and cultural differences. They link this to racism, debating what it is and how to be aware of their own feelings towards people from different cultures. They revisit the topic of bullying and discuss rumour spreading and name- calling. The children learn that there are direct and indirect ways of bullying as well as ways to encourage children to not using bullying behaviours. The children consider happiness regardless of material wealth and respecting other people's cultures.	In this Puzzle (unit), the children discuss differences and similarities and that, for some people, being different is difficult. The children learn about bullying and how people can have power over other in a group. They discover strategie for dealing with this as well as wider bullying issues. The children learn about people with disabilitie and look at specific examples of disabled people who have amazing lives and achievements.

Year 5	Year 6
In this Puzzle, the children share their dreams and goals and how they might need money to help them achieve them. They consider jobs that people they know do, they look at the fact that some jobs pay more money than others and reflect on what types of jobs they might like to do when they are older. The children look as the similarities and differences between themselves (and their dreams and goals) and someone from a different culture.	In this Puzzle, the children share their own strengths and further stretching themselves by setting challenging and realistic goals. They discuss the learning steps they will need to take as well as talking about how to stay motivated. The children reflect on various global issues and explore places where people may be suffering or living in difficult situations; whilst doing this, they reflect on their own emotions linked to this learning. The children also discover what they think their classmates like and admire about them, as well as working on giving others praise and compliments.

Taught knowledge	• Know what a challenge is	Know how to set simple goals	 Know how to choose a realistic goal and think about how to achieve it 	 Know that they are responsible for their own learning 	 Know how to make a new plan and set new goals even if they have 	 Know about that are can people I know

PSED –	Relationships Education – By end of primary, pupils should know:						

ELG: SELF-REGULATION Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.

PSED

ELG: MANAGING SELF Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices.

Relationships Education – By end of primary, pupils should know:

Caring friendships

(R7) how important friendships are in making us feel happy and secure, and how people choose and make friends

(R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded

(R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right (R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.

Respectful relationships

(R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs

(R13) practical steps they can take in a range of different contexts to improve or support respectful relationships

(R14) the conventions of courtesy and manners

(R15) the importance of self-respect and how this links to their own happiness

(R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.

Online relationships

(R20) that people sometimes behave differently online, including by pretending to be someone they are not

(R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous (R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them

(R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met (R24) how information and data is shared and used online.

Being safe

(R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)

(R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe (R27) that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact

(R28) how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know

(R29) how to recognise and report feelings of being unsafe or feeling bad about any adult

(R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard

(R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so

(R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

(H1) that mental well-being is a normal part of daily life, in the same way as physical health

(H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations

(H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings

(H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate

(H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness

(H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests

(H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support

(H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being

(H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online) (H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Internet safety and harms

(H11) that for most people the internet is an integral part of life and has many benefits

(H12) about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical well-being

(H17) where and how to report concerns and get support with issues online.

Physical health and fitness

(H18) the characteristics and mental and physical benefits of an active lifestyle

ear	5
-----	---

Year 6

	 (H19) the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active (H20) the risks associated with an inactive lifestyle (including obesity) (H21) how and when to seek support including which adults to speak to in school if they are worried about their health.
	 Healthy eating (H22) what constitutes a healthy diet (including understanding calories and other nutritional content) (H23) the principles of planning and preparing a range of healthy meals (H24) the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g.)
	Drugs, alcohol (H25) the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.
	Health and prevention (H26) how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body (H28) the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn (H30) about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing (H31) the facts and science relating to allergies, immunisation and vaccination.
	 Basic first aid (H32) how to make a clear and efficient call to emergency services if necessary (H33) concepts of basic first-aid, for example dealing with common injuries, including head injuries.

Puzzle	EYFS	Year 1	Year 2	Year 3	Year 4	Yea
overview Healthy Me	In this Puzzle, children learn about their bodies: the names of some key parts as well as how to stay healthy. They talk about food and that some foods are healthier than others. They discuss the importance of sleep and what they can do to help themselves get to sleep. They talk about hand washing and why it is important. The class also discuss 'stranger danger' and what they should do if approached by someone they don't know.	In this Puzzle, the children learn about healthy and less healthy choices and how these choices make them feel. They explore about hygiene, keeping themselves clean and that germs can make you unwell. The children learn about road safety, and about people who can help them to stay safe.	In this Puzzle, the children learn about healthy food; they talk about having a healthy relationship with food and making healthy choices. The children consider what makes them feel relaxed and stressed. They learn about medicines, how they work and how to use them safely. The children make healthy snacks and discuss why they are good for their bodies.	In this Puzzle, the children learn about the importance of exercise and how it helps your body to stay healthy. They also learn about their heart and lungs, what they do and how they are very important. The children discover facts about calories, fat and sugar; they discuss what each of these are and how the amount they consume can affect their health. The children learn about different types of drugs, the ones you take to make you better, as well as other drugs. The children consider things, places and people that are dangerous and link this to strategies for keeping themselves safe.	In this Puzzle, the children look at the friendship groups that they are part of, how they are formed, how they have leaders and followers and what role they play. The children reflect on their friendships, how different people make them feel and which friends they value the most. The children also learn about smoking and its effects on health; they do the same with alcohol and then look at the reasons why people might drink or smoke. Finally, they learn about peer pressure and how to deal with it successfully.	In this Puzzle, the c investigate the risk smoking and how it liver and heart. Like about the risks asso alcohol misuse. The range of basic first emergency procedu recovery position) a contact the emerge when needed. The investigate how bo portrayed in the me and celebrity cultur about eating disorc relationships with f can be linked to ne pressures.

tive mile or other forms of regular, vigorous exercise

They also learn orders and people's h food and how this negative body image

Year 6

In this Puzzle, the children discuss taking responsibility for their own physical and emotional health and the choices linked to this. They learn about different types of drugs and the effects these can have on people's bodies. The children learn about exploitation as well as gang culture and the associated risks therin. They also learn about mental health/illness and that people have different attitudes towards this. They learn to recognise the triggers for and feelings of being stressed and that there are strategies they can use when they are feeling stressed.

Taught knowledge	 Know what the word 'healthy' means 	 Know the difference between being healthy and unhealthy 	Know what their body needs to stay healthy	• Know how exercise affects their bodies	 Know that there are leaders and followers in groups 	 Know basic emergency procedures, including the recovery position
(Key objectives are in bold)	 Know some things that they need to do to keep healthy Know the names for some parts of their body Know when and how to wash their hands properly Know how to say no to strangers Know that they need to exercise to keep healthy Know how to help themselves go to sleep and that sleep is good for them Know what to do if they get lost 	 Know some ways to keep healthy Know how to make healthy lifestyle choices Know that all household products, including medicines, can be harmful if not used properly Know that medicines can help them if they feel poorly Know how to keep safe when crossing the road Know how to keep themselves clean and healthy Know that germs cause disease/illness Know about people who can keep them safe 	 Know what relaxed means Know why healthy snacks are good for their bodies Know which foods given their bodies energy Know that it is important to use medicines safely Know what makes them feel relaxed/stressed Know how medicines work in their bodies Know how to make some healthy snacks 	 Know that the amount of calories, fat and sugar that they put into their bodies will affect their health Know that there are different types of drugs Know that there are things, places and people that can be dangerous Know when something feels safe or unsafe Know why their hearts and lungs are such important organs Know that their bodies are complex and need taking care of 	 Know the facts about smoking and its effects on health Know the facts about alcohol and its effects on health, particularly the liver Know ways to resist when people are putting pressure on them Know what they think is right and wrong Know how different friendship groups are formed and how they fit into them Know which friends they value most Know that they can take on different roles according to the situation Know some of the reasons some people start to smoke Know some of the reasons some people drink alcohol 	 Know the health risks of smoking Know how smoking tobacco affects the lungs, liver and heart Know how to get help in emergency situations Know that the media, social media and celebrity culture promotes certain body types Know the different roles food can play in people's lives and know that people can develo eating problems/disorders related to body image pressu Know some of the risks linke to misusing alcohol, including antisocial behaviour Know what makes a healthy lifestyle

very position		health
v the health risks of king	•	Know what it means to be emotionally well
v how smoking tobacco ts the lungs, liver and t	•	Know how to make choices that benefit their own health and well-being
v how to get help in rgency situations	•	Know about different types of drugs and their uses
v that the media, social ia and celebrity culture notes certain body types	•	Know how these different types of drugs can affect people's bodies, especially their liver and heart
v the different roles food blay in people's lives and v that people can develop ng problems/disorders ed to body image pressure	•	Know that stress can be triggered by a range of things
v some of the risks linked isusing alcohol, including ocial behaviour	•	Know that being stressed can cause drug and alcohol misuse
v what makes a healthy cyle	•	Know that some people can be exploited and made to do things that are against the law
	•	Know why some people join gangs and the risk that this can involve

• Know how to take

responsibility for their own

Social and Emotional skills (Key objectives are in bold)	 Can explain what they need to do to stay healthy Recognise how exercise makes them feel Can give examples of healthy food Can explain what to do if a stranger approaches them Can explain how they might feel if they don't get enough sleep Recognise how different foods can make them feel 	 Keep themselves safe Recognise how being healthy helps them to feel happy Recognise ways to look after themselves if they feel poorly Recognise when they feel frightened and know how to ask for help Feel good about themselves when they make healthy choices Realise that they are special 	 Feel positive about caring for their bodies and keeping it healthy Have a healthy relationship with food Desire to make healthy lifestyle choices Identify when a feeling is weak and when a feeling is strong Express how it feels to share healthy food with their friends 	 Respect their own bodies and appreciate what they do Can take responsibility for keeping themselves and others safe Identify how they feel about drugs Can express how being anxious or scared feels Able to set themselves a fitness challenge Recognise what it feels like to make a healthy choice 	 Can identify the feelings that they have about their friends and different friendship groups Recognise negative feelings in peer pressure situations Can identify the feelings of anxiety and fear associated with peer pressure Can tap into their inner strength and know-how to be assertive Recognise how different people and groups they interact with impact on them Identify which people they most want to be friends with 	 Respect bodies Can refibody im importa positive Recogn resisting Can ide themse emerge Can ma decision not the when th Can ma decision they ch when th Can ma decision they ch when th Accept themse Be moti themse happy

Year 6

In this Puzzle, the children learn more about mental health and how to take care of their own mental well-being. They explore the grief cycle and its various stages, and discuss the different causes of grief and loss. The children learn about people who can try to control them or have power over them. They investigate online safety, learning how to judge if something is safe and helpful, as well as talking about communicating with friends and family in a positive and safe way.

		them if they are worried or scared.	investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.		their own screen time. This Puzzle aims to help children to be more discerning when viewing anything online or on social media.	
Taught knowledge (Key objectives are in bold)	 is fam Know that different people in a family have different responsibilities (jobs) Know some of the characteristics of healthy and safe friendships Know that friends sometimes fall out Know that unkind words can never be taken back and they can hurt Know how to use Jigsaw's Calm Me to help when feeling angry Know some reasons 	 Know that everyone's family is different Know that everyone's family is different Know that families function well when there is trust, respect, care, love and co-operation Know some reasons why 	 Know that different family members carry out different roles or have different responsibilities within the family Know some of the skills of friendship, e.g. taking turns, being a good listener Know some strategies for keeping themselves safe online Know that they and all children have rights (UNCRC) Know that gender stereotypes can be unfair, e.g. Mum is always the carer, Dad always goes to work etc Know how some of the actions and work of people around the world help and influence my life Know the lives of children around the world can be different from their own 	 Know some reasons why people feel jealousy Know that loss is a normal part of relationships Know that negative feelings are a normal part of loss Know that sometimes it is better for a friendship/relationship to end if it is causing negative feelings or is unsafe Know that jealousy can be damaging to relationships Know that memories can support us when we lose a special person or animal 	 Know that there are rights and responsibilities in an online community or social network Know that there are rights and responsibilities when playing a game online Know that too much screen time isn't healthy Know how to stay safe when using technology to communicate with friends Know that a personality is made up of many different characteristics, qualities and attributes Know that belonging to an online community can have positive and negative consequences 	 Know that it is important to take care of their own mental health Know ways that they can take care of their own mental health Know the stages of grief and that there are different types of loss that cause people to grieve Know that sometimes people can try to gain power or control them Know some of the dangers of being 'online' Know how to use technology safely and positively to communicate with their friends and family

Social and Emotional skills (Key objectives are in bold)	 Can identify what jobs they do in their family and those carried out by parents/carers and siblings Can suggest ways to make a friend or help someone who is lonely Can use different ways to mend a friendship Can recognise what being angry feels like Can use Calm Me when angry or upset 	 Can express how it feels to be part of a family and to care for family members Can say what being a good friend means Can identify forms of physical contact they prefer Can say no when they receive a touch they don't like Can show skills of friendship Can praise themselves and others Can recognise some of their personal qualities Can say why they appreciate a special relationship 	 Can identify the different roles and responsibilities in their family Can recognise the value that families can bring Can recognise and talk about the types of physical contact that is acceptable or unacceptable Can identify the negative feelings associated with keeping a worry secret Can identify who they trust in their own relationships Can use positive problem-solving techniques (Mending Friendships or Solve it together) to resolve a friendship conflict Can identify the feelings associated with trust Can identify the feelings associated it together) to resolve a friendship conflict Can identify the feelings associated with trust Can say who they would go to for help if they were worried or scared 	 Can identify the responsibilities they have within their family Know how to access help if they are concerned about anything on social media or the internet Can empathise with people from other countries who may not have a fair job or are less fortunate Understand that they are connected to the global community in many different ways Can use Solve it together in a conflict scenario and find a win-win outcome Can identify similarities in children's rights around the world Can identify their own wants and needs and how these may be similar or different from other children in school and the global community 	 Can identify feelings and emotions that accompany jealousy Can suggest positive strategies for managing jealousy Can identify people who are special to them and express why Can identify the feelings and emotions that accompany loss Can suggest strategies for managing loss Can tell you about someone they no longer see Can suggest ways to manage relationship changes including how to negotiate 	 Can suggest strategies for building self-esteem of themselves and others Can identify when an online community/social media group feels risky, uncomfortable, or unsafe Can suggest strategies for staying safe online/ social media Can say how to report unsafe online/social network activity Can identify when an online game is safe or unsafe Can suggest ways to monitor and reduce screen time Can suggest strategies for managing unhelpful pressures online or in social networks 	 Recognise that people can get problems with their mental health and that it is nothing to be ashamed of Can help themselves and others when worried about a mental health problem Recognise when they are feeling grief and have strategies to manage them Demonstrate ways they could stand up for themselves and their friends in situations where others are trying to gain power or control Can resist pressure to do something online that might hurt themselves or others Can take responsibility for their own safety and wellbeing
