

Important Consultation: Relationships, Sex, and Health Education (RSHE)

Dear Parents and Carers,

At Gilbert Colvin Primary School, we believe that a strong partnership between home and school is essential to ensuring our pupils thrive. As part of our commitment to your child's well-being and personal development, we are launching our annual review of our **Relationships, Sex, and Health Education (RSHE)** curriculum.

The government requires all schools to consult with parents on their RSHE policy. This ensures that our lessons are age-appropriate, safe, and reflective of our school community's values. Your feedback is vital in helping us shape a curriculum that prepares our pupils for a happy, healthy, and safe future.

We kindly ask that you take 5 minutes to complete our short, multiple-choice survey. Your responses will remain completely confidential and will directly inform our planning for the upcoming academic year.
